

Data for the 2014, 2018 and 2022 Salt Lake County races for Clerk, District Attorney, and Sheriff are as follows:

Reg Voters	Voters registered for the election.
Ballots Cast	Ballots cast for an election according to county clerk or state data (does not mean they were all readable, or that a vote was cast in a specific race).
NVBM	Voting in-person, meaning using machine at the county clerk office or at a voting center.
VBM	Absentee / Vote By Mail (includes dropping mail-in ballot into a dropbox or leaving mail-in ballot at Voting Center.
% NVBM	Percent of ballots a candidate received by NVBM in a race.
% VBM	Percent of ballots a candidate received by VBM in a race.
% Cast for race NVBM	Percentage of ballots cast in a race by NVBM.
% Cast for race VBM	Percentage of ballots cast in a race by VBM.
% Turnout	Ballots cast / (divided by) registered voters.
% Not Counted	(Ballots Cast – Total Votes for race) / (divided by) Ballots Cast expressed a percentage.
Σ	Mathematical summation.

$$= \text{VBM} + \text{NVBM}$$

$$= \text{VBM} + \text{NVBM}$$

The data shows that these three key positions – Clerk, District Attorney, and Sheriff – have not been held by the GOP in over a decade. With the exception of the Clerk race in 2022, conservatives have lost ground.

How do we reverse that trend and get good people elected?
